Dear Dr. Borak:

Thank you for participating in the beryllium panel sponsored by the Agency for Toxic Substances and Disease Registry (ATSDR) in Oak Harbor, Ohio, on April 25, 2006. Your input was very valuable to us and was considered along with the comments of other panelists. A copy of the panel report with attachments is enclosed.

We listened carefully to the views that you and other specialists expressed and also considered the subsequent clarifications that some of you provided by email. In response to this input, we have revised our written plan for offering the testing.

Thank you again for your assistance.

Sincerely,

Thomas Sinks
