

EPANET INPUT FILE DESCRIPTIONS

TT_2004allpipes2.inp

Calibrated all pipes network for September 22 – October 12, 2004.

tt1hr_final2.inp

Calibrated skeletonized network for September 22 – October 12, 2004

tt04_final.inp

Calibrated skeletonized network for 24 hour average demand patterns in 2004

tt84_final2.inp

Calibrated skeletonized network for 24 hour average demand pattern December 1984

tt_ff08.inp

Simulation using fire flow test FF-08 results for verifying calibrated skeletonized model

tt_ff09.inp

Simulation using fire flow test FF-09 results for verifying calibrated skeletonized model
