Dear Dr. Cibulas and Ms. Werner,

Thank you for your recent response to my letter of June 20, 2007 concerning your "*Exposure Investigation: Airborne Exposures to Sulfur Dioxide, Particulate Matter, and Selected Metals*," dated April 2007 (EI Protocol). In your response, you write that, "The EI protocol was peer-reviewed by an external panel of scientists to ensure the use of the best available science for this sampling effort. The comments of the peer reviewers were incorporated into the final protocol prior to its implementation."

I respectfully request that you send to me, at your earliest convenience:

1. The completed Peer Review Comment Forms from all of the peer-reviewers;
2. ATSDR's full responses to all of the peer reviewers' comments; and
3. The completed Conflict-of-Interest forms from the peer reviewers (redacted, of course, to conceal the identities of the peer reviewers, but otherwise unredacted).

Thank you in advance for your cooperation.

Sincerely yours,
