ATSDR Staff COVID-19 Deployments

In 2020, to support the response, ATSDR staff engaged in over 200 deployments to help communities at the local, state, and federal levels.

ATSDR staff deployed across U.S. and U.S. territories, providing critical assistance from multiple locations:

- Anchorage, AK
- Amsterdam, NY
- Baltimoda, MD
- Baton Rouge, LA
- Bismarck, ND
- Boston, MA
- Christiansted, St. Croix, USVI
- Crow Nation, MT
- Dallas, TX
- Denver, CO
- Dickenson, ND
- Guymon, OK
- Honolulu, HI
- Los Angeles, CA
- Montgomery, GA
- New York, NY
- Omaha, NE
- Oshkosh, WI
- San Francisco, CA
- San Juan, PR
- Seattle, WA
- St. Louis, MO
- Washington, D.C.

ATSDR awarded $12.5M in COVID-19 supplemental funding.

$12,500,000 = $500,000

ATSDR staff provided support at a wide range of locations:

- Epidemiology and surveillance
- Medical investigations
- Worker health and safety
- Medical investigations
- Data analytics and modeling
- Quarantine stations and COVID-19 screening sites at airports
- CDC's Emergency Operations Center
- CDC's Occupational Health Clinic
- Fork trucking plants

ALL OF THESE ROLES WERE IMPORTANT

This supported state, local, and emergency response efforts, including:

- Determining rate and spread of disease
- Investigating outbreaks and control spread of disease
- Supporting vaccine coordination and distribution
- Building response capacity at the local, state, territorial, and tribal level
- Supporting safe maritime operations
- Identify areas at greater risk of infection
- Supporting vaccine coordination and distribution
- Support ATSDR/CDC staff well-being in the field
