

Mercury Contact Sheet

★ Instructions

Complete this contact sheet and hang it in the main office near a phone.
Put a copy in every science lab — and in your spill kit.

Call 911 in a serious emergency.

For a mercury spill:

Poison Control Center: 1-800-222-1222

Local Public Health Department or Board of Health

Name: _____

Phone number: _____

Address: _____

Closest Hospital

Name: _____

Phone number: _____

Address: _____

State Environmental Agency

Name: _____

Phone number: _____

Address: _____

See www.epa.gov/epahome/state.htm

State Public Health Department

Name: _____

Phone number: _____

Address: _____

See www.cdc.gov/mmwr/international/relres.html

National Response Center (NRC)

(Contact NRC if more mercury spilled than what's in a small thermometer.)

1-800-424-8802 <http://www.nrc.uscg.mil/ContactUs.aspx>

For mercury removal and disposal:

Local (or State) Hazardous Waste Collection Agency

Name: _____

Phone number: _____

Address: _____

Find a local collection center that accepts mercury products at www.Earth911.com

www.atsdr.cdc.gov/dontmesswithmercury

don't mess with **MERCURY**
