

***National Conversation on Public Health and Chemical Exposures***  
**Fall 2009 In Person Work Group Meetings**

*National Conversation* work groups will meet monthly throughout the project. While most work group meetings will occur by teleconference, three face-to-face work group meetings will be held over the project period. Initial in person work group meetings are scheduled in November 2009. In person work group meetings are open to the public by request and on a space available basis. If you are interested in learning more about one or more of the November 2009 work group meetings, please contact the individual listed in the table below.

For general questions on the *National Conversation*, please e-mail [nationalconversation@cdc.gov](mailto:nationalconversation@cdc.gov).
