

## Newsletter Index (updated July 2025)

Topic	Newsletter
Background Indoor Air Concentrations	July 2025
Update Your Public Health Documents with These New Minimal Risk Levels	July 2025
Protecting Privacy of Spatially Linked Data Using Geomasking	July 2025
Looking Back at Health Assessor Newsletters	July 2025
508 Tips and Tricks: Using Headings in Word Documents	July 2025
508 Tips and Tricks: Links and Screen Tips	July 2025
References	July 2025
Source Analysis at Vapor Intrusion Sites Using Attenuation Factor Ratios	October 2024
Summing Aroclor Data for Cancer Risk Assessment	October 2024
Public Health Assessment Training Modules 1-4: Renewed Continuing Education	October 2024
508 Tips and Tricks: 10 Ways to Improve Accessibility in Documents	October 2024
Strengthening Community Resilience with CDC/ATSDR's SVI 2022 Update	October 2024
CDC/ATSDR & HHS Launch the Heat and Health Index (HHI)	October 2024
Exposure Point Concentration Basics	October 2024
Nomenclature for Per- and Polyfluoroalkyl Substances	October 2024
Update Your Public Health Documents with These New MRLs	October 2024
ATSDR's SHOWER Model Now Has Non-residential Scenarios	October 2024
References	October 2024
Updated Public Health Assessment (PHA) Webinars Training Series	June 2024
Use Custom Features in ATSDR's SHOWER Model to Answer Residents Questions	June 2024
Be Sure to Update Your Public Health Documents with These New MRLs	June 2024
Nitrogenous Data Are Not All Equal	June 2024
Exceptions for Adjusting Intermittent Exposure to Continuous Exposure	June 2024
Referencing ATSDR Tools	June 2024
Cross-Referencing Hyperlinked Footnotes in a Table	June 2024

References	June 2024
Tox Profile Update: Be Sure to Update Your Public Health Documents with New MRLs	December 2023
How to Evaluate Chemical Exposure When a Health Guideline Is Not Available	December 2023
Health Assessment of Sites with Vapor Intrusion Mitigation Systems	December 2023
508 Tips and Tricks: Accessibility Checker in Word	December 2023
Linking to Outside Websites in ATSDR Public Health Documents	December 2023
Judging a Document by its Cover - How to Name Your Document	December 2023
Take a Screenshot and Minimize the Hassle of Resizing and Cropping	December 2023
Typography Tips for Increasing Readability	December 2023
References	December 2023
Describing Health Effects of Lead in Children	April 2023
Finding Video Training Materials About the Public Health Assessment Process	April 2023
How to Document Subject Matter Expert Reviews in eClearance	April 2023
508 Tips and Tricks: Alternative Text for Images	April 2023
How to Request New Contaminants in PHAST	April 2023
New Showering Comparison Values Available in PHAST	April 2023
Using Non-ATSDR Vapor Intrusion Screening Level	April 2023
Hidden Gems in PHAST: Selecting Chemicals in the Dropdown Chemical List	December 2022
Describing Cancer Classifications in Public Health Documents	December 2022
How to Cite the 2022 Public Health Assessment Guidance Manual	December 2022
New Features in the SHOWER Model v3.0	December 2022
Vapor Intrusion Data Decision Tree	December 2022
508 Tips and Tricks: Complex Tables	December 2022
Public Health Assessment Training Webinars 2022	December 2022
New Publications on PHAGM and PHAST	December 2022
Invitation to Write Articles for the Health Assessor Newsletter	December 2022

Terminology: Potential Contaminants of Concern	December 2022
The Accreditation of the PHA Training Modules 5 and 6 has been Renewed	December 2022
Retirement of Dr. Greg Ulirsch	December 2022
How to be Soil Gas Savvy when Performing Vapor Intrusion Assessments	May 2022
Tips for Evaluating Lead Exposures at Sites, Part 4: “Know Your Samples”	May 2022
Evaluating Noncancer and Cancer Multi-Route Exposures from the SHOWER Model	May 2022
Exceptions for Adjusting Intermittent to Continuous Exposure for the Air Inhalation Pathway	May 2022
GROW: Enhancing Data Analysis and Geospatial Support for ATSDR’s Site Documents	May 2022
How to Make Equations in Public Health Documents 508 Compliant	May 2022
How to Get Trained on the New ATSDR Guidance Documents and Tools	May 2022
Tips on Assessing Vapor Intrusion (VI) Lines of Evidence	January 2022
Tips for Evaluating Lead Exposures at Sites, Part 3: Integrating the New CDC Blood Lead Reference Value (BLRV)	January 2022
Did You Know? Hidden Gems in PHAST—Contaminant Updates	January 2022
How to Use the Terms “Comparison Values” and “Health Guidelines” in Public Health Documents	January 2022
Describing Cancer Risk in ATSDR’s Public Health Assessment Documents	January 2022
New ATSDR Guidance Documents and Where to Find Them	January 2022
A Few Closing Notes	January 2022
Determining Appropriate Soil Gas/Groundwater Distances for Screening	October 2021
Tips for Evaluating Lead at Sites: Knowing Your Community	October 2021
Did You Know? Environmental Contamination Can Contribute to Chronic Stress	October 2021
